

## Precarious Homes – Narratives and Practices of Home-Making in Turbulent Times

### *CCWW Series 2021/22*

This event series takes its cue from the CCWW Conference '[Where are you from?' to 'Where shall we go together?' Re-imagining Home and Belonging in 21st-Century Women's Writing](#), hosted at the IMLR in September 2020. Dedicated to further exploration of literary and theoretical conceptualisations of home-making, the series considers women's writing in context, using various formats - reading groups, a symposium, and an author/translator conversation.
